## PROPERTY DESCRIPTION

**REDUCED!!** What an incredible home in one of Eastside's most respected neighborhoods! A rare 5 bedroom, 4.5 bath home with over 3,600 sq ft. This home features many upgrades that you would expect in a custom built house with the solid structure and maturity of an older home. Hardwood floors can be found in virtually every room of the house and the master suite has to be seen to be believed! All room sizes are very large and the floorplan is excellent for entertaining or escaping the hectic rigors of the day. There is even a *hidden* room behind the bookcase for when you really want to escape! The half-acre lot is extremely well landscaped with roses, fruit trees, a fire pit, in-ground pool and still plenty of yard for kids and pets. The deck system is absolutely HUGE and features a screened porch, outside speakers, reinforced flooring to support a hot tub, gas grill connected to natural gas (rather than propane tank) and a relaxing water feature! This home is in move-in condition and has so much more to offer than can be mentioned in this space. You must see this home...it will sell quickly!!
