PROPERTY DESCRIPTION

Great starter home in an excellent location! This brick ranch home features 3 bedrooms and 1.5 baths on just over half an acre. Inside, you'll find a wood-burning fireplace with brick surround, open living and dining space and a kitchen with lots of cabinet and counter space, a great eat-at bar and refrigerator which stays. All bedrooms have ceiling fans and nice closet space. The laundry room is huge and comes with the washer and dryer! The outside of this great home is a quiet peaceful retreat. Nice landscaping and a cozy front porch welcome guests or passersby...more great landscaping can be found along the driveway. In the back a 20 x 10 deck offers an excellent place to entertain family and friends. With two out buildings in the back and a storage room and separate storage closet in the carport, you'll never have a problem with where to put your things. One out building is even wired with electric. The carport is side-entry and is large enough to two cars, but there is also a detached carport measuring 28 x 22 that is great for your boat, RV or just a covered space for entertaining. Close to the lake, the interstate, many dining and shopping options and zoned for great schools, this home is ideally set up for convenience. Come see this great home before it is gone!
